Sebastian is a Virgo which means he is born in September. In April, he can expect a horoscope. He thinks Kurt Schwitters had a point when he said conch fritters, but wonders why he said that. Recently he's been doing this but he's now leaning toward doing that. He will admit that some paintings should be taken seriously, but not others. His perfect painting conditions are somewhere in the afternoon. If he had a theme song, it would be Talking by Brian Lehrer. Sebastian is currently working on a tan.

Mike is a 2012 comedy-drama film which means he gave attention to girls' point of view for certain conflicts in relationship. In April, he can expect to pay his own costs in any event, absent fraud by the Claimant unless a Claimant fails to beat a part 36 offer. His favorite thing about Robert Brownjohn is credited alongside another name, even though he wasn't crazy about HER. EVER. JUST DON'T EVEN TRY. He thinks stock photography can/could/should/shouldn't used to; would rather, had better; I wish/ If only; ... He would never wear a baseball uniform again, and he didn't because its not like he's not capable of lying either. Mike is currently working on a recording of the proposed work other than the final master (such as a live performance or rough edit) on the A side and sometimes the flip (Gotta gotta flip this record) on the B side.

Alex is a Virgo, which means he loves bacon. In April, he can expect to lose the battle, but win the war. He knows what Dave Hickey meant when he said "Nothing redeems but beauty, its generous permission, its gorgeous celebration of all that has previously been uncelebrated," but was never crystal clear on whether or not this included spray tans. He is well aware that shampoo can also be used for fucking, because he's done it. His favorite shampoo brand is Anarchy Axe 2 in 1, because he likes being in the Bad Boy Club. In his studio you will find all of his Janet Jackson CDs. Alex is currently working with Axe on a new Honey Dutch scented body scrub called Island Myst.

Paul is a Cancer which means he was born in July. In April, he can expect a horoscope as well. In his opinion, modernism should/could/would but it has no place like home. He says that if you mix perfume into paint, you can make your walls smell like that perfume. He never discriminates between right (high) and wrong (low), because that is for you to decide. He thinks that drama is a waste of time. Paul is currently working on beyond zebra.

Zak is a (astrological sign) which means he _____. In April, he can expect (horoscope). If he was eating dinner with Yoko Ono he would ask her _____. His favorite vegetable is _____, because he likes its _____ properties. He loves it when _____ His musical interests consist almost entirely of the band _____ which he has been listening to for the past ____ years. When he's not in the studio, he's _____. He thinks Wayne Scotting only looks good when _____. He doesn't think you should be able to buy _____ at a gas station. Zak is currently working on/with/towards _____.
